

PHILIP L. BROWN, ASLA

Landscape Architect

OVERVIEW

Prior to joining the staff at Dunbar/Jones in 1994, Phil Brown worked for ten years in the land development industry of rapidly growing southern Colorado. Since returning to Iowa, he has developed extensive experience with community strategic planning processes and Iowa Department of Transportation right-of-way enhancement projects.

Phil has developed extensive knowledge in the development of community-sponsored parks for skateboarders and in-line skaters and in playground safety.
